- 14. Confidentiality**
The terms and conditions of this Agreement and all information and recommendations furnished by the parties shall be treated as confidential by the parties and shall not be disclosed to third parties except if required by applicable laws, Rules or Regulations or as otherwise expressly agreed to in writing by the parties.
- 15. Risk and Losses**
- 15.1 The Client hereby agrees to undertake the risks pertaining to portfolio investments as stated herein:
- a) Securities investments are subject to market and other risks and there can be no guarantee against loss resulting from an investment in the scheme nor there any assurance that the scheme's objectives will be achieved.
- b) The past performance of the Portfolio Manager does not indicate the future performance of the same scheme or any other future schemes of the Portfolio Manager.
- c) Risk arising from the investment objective, investment strategy and asset allocation are mentioned as follows:
- The liquidity of the portfolio may be restricted by trading volumes and settlement periods. Different segments of the Nepalese financial markets have different settlement periods and such periods may be extended significantly by unforeseen circumstances. Delays or other problems in settlement of transactions could result in temporary periods when the assets of the scheme are un-invested and no return is earned thereon. The inability of the Portfolio Manager to make intended securities purchases, due to settlement problems, could cause the Portfolio to miss certain investment opportunities. By the same token, the inability to sell securities held in the portfolio, due to the absence of a well-developed and liquid secondary market for debt securities, would result at times, in potential losses to the Portfolio, should there be a subsequent decline in the value of securities held in the portfolio.
 - The liquidity and valuation of the Portfolio's investments due to its holdings of unlisted securities may be affected if they have to be sold prior to their target date of divestment.
 - Corporate debt securities are subject to the risk of an issuer's inability to meet interest and principal payments on its debt obligations (credit risk). Debt securities may also be subject to price volatility due to factors such as changes in interest rates, general level of market liquidity and market perception of the creditworthiness of the issuer, among others (market risk). The Portfolio Manager will endeavor to manage credit risk through in-house credit analysis.
 - The value of the portfolio, to the extent invested in fixed income securities, will be affected by changes in the general level of interest rates. When interest rates decline, the value of a portfolio of fixed income securities can be expected to rise. Conversely, when interest rates rise, the value of a portfolio of fixed income securities can be expected to decline.
 - As with any investment in securities, the value of the portfolio can go up or down depending on various factors that may affect the values of the investments. In addition to the factors that affect the value of individual securities, the value of the portfolio can be expected to fluctuate with movements in the broader equity and bond markets and may be influenced by factors affecting capital markets in general, such as, but not limited to, changes in interest rates, currency exchange rates, changes in governmental policies, taxation, political, economic or other developments and increased volatility in the stock and bond markets.
 - Risk arising out of non-diversification: The investment objectives of one or more of the portfolio management schemes could result into concentration on a specific asset/asset class/sector/issuer etc., which could expose the portfolio to improper and/or undesired diversification.
 - In case the portfolio invests in mutual funds registered with SEBON, scheme specific risk factors of each such underlying scheme will be applicable to the Portfolio. All risks associated with such underlying schemes, including performance of their underlying stocks, derivative instruments, stock-lending, and investments etc., will therefore be applicable to the Portfolio. Client(s) are required to and deemed to have read and understood the risk factors of the underlying schemes.
- 16. Joint Account**
If the client is more than a single person, the Client's obligations under this agreement shall be joint or the person jointly authorized by the account holders. It is clarified in this case of the joint client account, all dealings with the client under this agreement, including but without limitation to the payment of Assets of the Account on termination or expiry of the agreement would be undertaken by the Portfolio Manager with the first holder of the account or the person jointly authorized by the account holders. If the client proposes to disclose the information of its Account to any third person, the client shall make a written request to the Portfolio Manager.
- 17. Income and Other taxes**
Any income tax and other tax liability on investments, funds and yields therefore shall be borne and paid by the Client(s). The Portfolio Manager does not take any responsibility for any matters relating to the tax filings or assessments of the Client(s).
- 18. Representations and Warranties of the Portfolio Manager**
- 18.1 The Portfolio Manager represents and warrants that it is a Portfolio Manager licensed by SEBON to operate under Portfolio Management Guidelines, 2010 and amendments there under from time to time. The Portfolio Manager shall not change any clause of this Agreement without the consent of the Client in writing.
- 18.2 The Portfolio Manager does not provide any guarantee (express or implied) for the appreciation in value of the Securities in which the Portfolio Manager invests the Client's funds.
- 18.3 The Portfolio Manager understands and acknowledges that the liability of the Client shall not exceed the value of his/her/its investment with the Portfolio Manager.

The Client hereby agrees and undertakes to notify the Portfolio Manager forthwith if there is any change in any such information provided.
- 19.5 The Client understands and agrees that the services provided by the Portfolio Manager to the Client are not deemed to be exclusive, the Portfolio Manager being free to render investment advisory, portfolio management and/or other services to other Clients.
- 19.6 In the event of any change in the constitution, identity by change of name and/or residential status of the Client during the Tenure of this Agreement, it shall be the duty of the Client to keep the Portfolio Manager duly informed of such changes. The Portfolio Manager shall seek advice or appropriate directions where required, from competent authority, under applicable laws, with regard to the continuation of this Agreement and other Agreements with the Client, if any affected by such change under the applicable law.
